

Dr Katarina Janković Terzić rođena je u Beogradu, gde je završila osnovnu školu, Matematičku gimnaziju „Veljko Vlahović“ i Medicinski fakultet. Specijalizaciju iz oftalmologije završila je na Klinici za očne bolesti Univerzitetskog kliničkog centra Srbije s odličnom ocenom.

Stručno usavršavanje: Završila je školu za kontaktna sočiva (2009) na Klinici za očne bolesti KCS, a stručno se usavršavala kroz studijske boravke u Moorfields Eye Hospital, London, UK (2010) i Ospedale Maggiore, Trst, Italija (2011). Prisustvovala je Keratoconus and Scleral Lens Symposiumu, Ken Pullum, UK (2019) i završila kurs iz ultrazvuka oka, orbite i ehobiometrije, u organizaciji Udruženja oftalmologa Srbije (2021). Redovno učestvuje na stručnim sastancima i kongresima u zemlji i inostranstvu.

Profesionalno iskustvo: Kao lekar opšte prakse radila je u zdravstvenom timu Oxfam GB, gde je vodila zdravstvene timove u Africi (Zimbabve, Zambija, Eritreja). Bila je konsultant na istraživačkim projektima pod rukovodstvom prof. dr Tima Rhodesa (Imperial College i London School of Hygiene and Tropical Medicine, UK), kao i za UNDP (Program Ujedinjenih nacija za razvoj, Beograd).

Kao specijalista oftalmologije radila je u Specijalnoj bolnici za oftalmologiju „Oculus“ (2008–2012). Krajem 2012. godine osnovala je specijalističku oftalmološku ordinaciju i optiku „**Okoio**ko”, gde i danas radi sa svojim timom od četiri stalno zaposlena i šest konsultanta.

Polja interesovanja: opšta oftalmologija, korekcija zahtevnih refrakcionih anomalija naočarima i kontaktnim sočivima (meka, torična, RGP, multifokalna, Rose K i skleralna sočiva), glaukom, kontrola miopije, korekcija afakije kod beba, ehobiometrija, javno zdravlje i oftalmologija.

Članstva i funkcije:

- Član predsedništva oftalmološke sekcije Srpskog lekarskog društva (SLD)
- Udruženje oftalmologa Srbije
- Društvo oftalmologa kontaktologa Srbije (COLSS) – sekretar od 2015. godine, predsednica od 2024. godine
- European Contact Lens Society of Ophthalmologists (ECLSO)
- European Society of Ophthalmology (SOE)
- European Glaucoma Society (EGS).

Govori engleski i italijanski jezik i posvećena je unapređenju oftalmologije i kontaktologije kroz svoj rad u udruženju.

Dr. Katarina Janković Terzić was born in Belgrade, where she completed primary school, the "Veljko Vlahović" Mathematical High School, and the Faculty of Medicine. She specialized in ophthalmology at the Clinic for Eye Diseases, University Clinical Center of Serbia, graduating with top marks.

Professional Training: She completed the Contact Lens School (2009) at the Clinic for Eye Diseases, UCCS, and undertook study visits to Moorfields Eye Hospital, London, UK (2010) and Ospedale Maggiore, Trieste, Italy (2011). She also attended the Keratoconus and Scleral Lens Symposium led by Ken Pullum, UK (2019), and completed the course on eye ultrasound, orbit, and echobiometry organized by the Serbian Ophthalmology Association (2021). Dr. Janković Terzić regularly participates in domestic and international professional meetings and conferences.

Professional Experience: As a general practitioner, she worked with the Oxfam GB health team, leading health projects in Africa (Zimbabwe, Zambia, Eritrea). She also served as a consultant on research projects under the guidance of Prof. Dr. Tim Rhodes (Imperial College and London School of Hygiene and Tropical Medicine, UK) and for UNDP (United Nations Development Programme, Belgrade).

As an ophthalmology specialist, she worked at the Special Hospital for Ophthalmology "Oculus" (2008–2012). At the end of 2012, she founded the “**Okoioko**” specialized ophthalmology clinic and optical dispensary, where she currently works with her team of four full-time employees and six consultants.

Fields of Interest: General ophthalmology, correction of complex refractive anomalies with glasses and contact lenses (soft, toric, RGP, multifocal, Rose K, and scleral lenses), glaucoma, myopia control, aphakia correction in infants, echobiometry, public health and ophthalmology.

Memberships and Positions:

- Member of the Presidency of the Ophthalmology Section of the Serbian Medical Society (SLS)
- Serbian Ophthalmology Association
- Contact Lens Society of Serbia (COLSS) – Secretary since 2015, President from 2024
- European Contact Lens Society of Ophthalmologists (ECLSO)
- European Society of Ophthalmology (SOE)
- European Glaucoma Society (EGS).

She speaks English and Italian fluently and is dedicated to advancing ophthalmology and contactology through her leadership and the dissemination of professional knowledge.
